FLECK® 5800 VALVE

LEADING THE EVOLUTION

WATER SOLUTIONS | **FLECK®** 5800 VALVE EVOLUTION BROCHURE

The Pentair® Fleck® 5800 Series of control valves sets a brand new standard for adaptability and innovative features. At the same time, they come from a company known for decades of expertise in the water industry, millions of units in service, and a tradition of rock solid reliability.

This combination spells success for residential water conditioning dealers. It brings together the features homeowners prefer with the time-tested component designs professionals can trust for years of customer satisfaction.

Stronger flow rates – 21 gallons/minute continuous, 27 GPM peak, 17 GPM backwash

Faster setup time – 10,000 RPM fast-positioning motor with 12 volt DC drive

Soft water refill – for better brine saturation and a cleaner brine tank

Time of day backup – a built-in super capacitor maintains system data up to 12 hours after a home power outage

Easy servicing – cartridge-based seal and spacer design for quick and easy replacement
